Teaching controversial issues: developing effective training for teachers and school leaders. Teacher training in EDC/HRE: how to develop the ability of students to assess information from media and social networks? Pilot projects 2013. To develop a training tool on Managing Controversy in Schools which offers practical support to school leaders/senior managers on how to proactively manage and react to controversial issues in and beyond the school. Expected outcomes: A whole school training tool on handling controversial issues is developed and piloted. A practical 'How to' guide on providing answers and guidance in relation to the FAQs for school leaders/senior managers concerning managing proactively and reactively controversial issues is produced. No volume or issue number. Back dating articles. Supplement journal. References - as long as it does not lead to confusion. Multiple publications; same author. Same author; different years. Normal conventions (author, year, title, etc). Same author; same year. More than one reference by an author in the same year: these are distinguished in order of publication using a lower-case alphabetical suffix after the year of publication (e.g., 1988a, 1988b, 1988c, etc). The same suffix is used to distinguish that reference for the in-text citations. Order of Listing: The List of References is ordered alphabetically by primary authors' surnames. Multiple authors. This is a list of Wikipedia articles deemed controversial because they are constantly being re-edited in a circular manner, or are otherwise the focus of edit warring or article sanctions. This page is conceived as a location for articles that regularly become biased and need to be fixed, or articles that were once the subject of an NPOV dispute and are likely to suffer future disputes. The divisive nature of disputed subjects has triggered arguments, since opinions on a given issue differ. These subjects are responsible for a great deal of tension among Wikipedia editors, reflecting the debat
