The Ballad in American Popular Music is a comprehensive overview of the genre, covering its history, evolution, and significance in American popular music.
Chris Bolton, of *Country Music People* magazine, has written an in-depth note about both the tracks on display and the artists that recorded them, and as ever with a *Golden Age* project, there’s an ephemera-packed booklet that would have cracked the CD case if we’d had any more pages to fill. They say that lightning never strikes twice in the same place, but there’s no reason why *The Golden Age Of American Popular Music* shouldn’t disprove that theory by doing just as well as its sister volume. By Tony Rounce. Click here for information on the Golden Age of American Rock.

And you can pretty much attribute popular music to anything on a major label that’s dominating the charts. Me? I consider pop music anything that’ll put me in a good mood. Robyn has been gone for eight long years, but her music has never been too far away. Not only can her musical influence be heard throughout hits from pop stars like Charli XCX, but her tracks have remained mainstays at clubs, with the likes of “Dancing on My Own” still absolutely holding up. Even though his influence and genre can be heard all over mainstream American music, his sound, especially on the buttery “Peligrosa,” will make everyone forget about “Despacito.” Let’s Eat Grandma’s “Falling Into Me.”

This article includes an overview of the major events and trends in popular music in the 1950s. Various genre in the First World, rock and roll, doo-wop, pop, swing, rhythm and blues, blues, Country music, rockabilly, and jazz music dominated and defined the decade’s music. Rock and roll dominated popular music in the mid 1950s and late 1950s, and quickly spread to much of the rest of the world. Its immediate origins lay in a mixing together of various black musical genres of the time, including
