No idea if the intl ones are just easier to get but it would be great if you could post the longer (original) ones as well, especially for those two movies. Btw this site is great, man, I can barely believe that itâ€™s only up for three weeks. Keep it up mate! ðŸ™‚. Reply â†’.
Jonathan Post author August 14, 2015 at 7:29 PM. Thanks, I am really glad that you are finding the content to be to your liking. I will see what I can do on the Batman v Superman and The Martian trailers. I think the Batman v Superman Comic Con trailer is the one you are referring to. I can get that one, it has a 3.34 runtime.
