You don’t have to be gay to enjoy gay literature! Whether you’re simply wanting to look beyond your own experience, or you’re an LGBT youth seeking a character like yourself, the following classic and contemporary coming-of-age LGBT novels chronicle the road to first loves, acceptance, and self-discovery. And that’s something everyone can relate to. Dive. What guides this new wave of gay writing is shame. In contemporary gay culture, shame is often an unacknowledged and overlooked element of gay identity, ignored in favor of celebrating pride and self-acceptance. Indeed, the new gay novels push back against these monogamous trends in LGBT culture. By rejecting the dominant LGBT culture of white, same-sex monogamy, Yanagihara and Greenwell carve out the inner worlds of these gay men, legitimizing the experience of shame within an identity so often defined by its conflation with pride: outness, self-acceptance, happiness. Here we learn that Jude—a gay man of indiscernible racial origin—has endured terrible tragedies and abuse during childhood. Embracing a Gay Identity: Gay Novels as Guides: By Wilfrid R. Koponen.
