Teacher Essay 2 (150 words). Teachers are great sources of knowledge, prosperity and enlightenment to which anyone can be benefited for whole life. They serve as the real light in everyone’s life as they help students to make their ways in the life. They are the God gifted people in everyone’s life who lead us towards success without any selfishness. Teacher plays very essential role in the field of education who teaches students very nicely to be a person of good moral and behaviour. They make students academically superb and always encourage to do better in the life. They equip students with lots of knowledge, skills and positive attitudes so that students can never feel lost and go ahead. Another difference between the past and present tasks of teachers is represented by the technical background they need to be able to use and handle effectively (computer, photocopier, power point, projectors, etc). Instead of teaching chalk face, they need to be an information technology expert, a technician or/and a photocopy master. One of the biggest challenges for teachers is that their role in the school management has also changed. The school needs them as individuals, who can make decisions and cope with the stress of the changing world of schools.
