In Hell

Genre : Horror

Release Date : 2013-09-04

In Hell by L. Marshall James is Horror When Paul first hears of the South American flu, he disregards it as just another health scare on par with swine or bird flu. However, when news reports show video footage of large-scale riots and unprecedented violence, he knows that something is wrong. As the outbreak hits home, Paul is forced to confront the realities of the world around him, as well as the fact that he wasn't as prepared as he thought. In daydreams, he had envisioned himself fighting through the chaos and horror of the zombie apocalypse to emerge unscathed among the ashes. He thought he'd be a hero who saved the good, destroyed the evil, and rebuilt what was left of the world into something better than it was before. He was wrong. There are no heroes In Hell.

Mr. Monster

By : Dan Wells

I killed a demon. I don't know if it was really, technically a demon, but I do know that he was some kind of monster, with fangs and claws and the whole bit, and he killed a lot of people. So I killed him. I think it was the right thing to do. At least the killing stopped. Well, it stopped for a while. In I Am Not a Serial Killer, John Wayne Cleaver saved his town from a murderer even more appalling than the serial killers he obsessively studies. But it turns out even demons have friends, and the disappearance of one has brought another to Clayton County. Soon there are new victims for John to work on at the mortuary and a new mystery to solve. But John has tasted death, and the dark nature he used as a weapon---the terrifying persona he calls "Mr. Monster"---might now be using him. No one in Clayton is safe unless John can vanquish two nightmarish adversaries: the unknown demon he must hunt and the inner demon he can never escape. In this sequel to his brilliant debut, Dan Wells ups the ante with a thriller that is just as gripping and even more intense. He apologizes in advance for the nightmares. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

One day when Jimmy was playing in his backyard all alone, he thought he heard a voice coming from within the woods calling his name. Jimmy first thought it was the wind howling so he just kept bouncing the rubber ball off the back wall of his house. Then he'd thought he heard a voice again coming from within the woods. Sure enough he did so he went to see who was calling his name. Just as he stepped foot in the woods his brother Steven jumped out of a bush. Jimmy just about jumped out of his pants. Steven started laughing and said, "What's the matter scaredy cat? Afraid the old man might get you." Jimmy replied, "That's not funny, you scared the crap out of me." Steven said, "You should have seen the look on your face, scaredy Cat." "Quit calling me scaredy cat. I'm going to tell Mom on you." said Jimmy in a frightened voice. "Go right ahead! Scaredy Cat! Scaredy Cat! I can't believe you're that scared to go into the woods. You're the biggest chicken I've ever met in my life," exclaimed Steven. "No I'm not! I'll prove it to you. I'll go right now," said Jimmy in a shaky voice. "I'll be waiting, just to make sure you don't chicken out," laughed Steven. Jimmy set off into the dark thick forest all alone.

Nine out of every ten humans have since transformed into walking dead creatures with an insatiable hunger for human brains and flesh. We, the survivors, are now food for the afflicted ... and we are vastly outnumbered. So, while it would seem to be an improbable time for a road trip, don't tell Dave Gammon that. Dave has fought alongside Flex, Gem, Hemp and Charlie for almost a year as they struggled to survive each unpredictable dawn in their horrifying new world. Now Dave has a new mission: to carry out the plans he had made with his late sister, Lisa. He and Serena will forge their way from Whitmire, South Carolina, all the way to Dunsmuir, California, where Dave hopes to find his uncle – quite possibly his last blood relative. Dave is determined to find out whether his “Uncle Bug” is dead or alive ... or something in between. But it's a long way from South Carolina to northern California, and with the hordes of walking dead between our group of travelers and their destination, it won't be easy.
