Monarch Butterfly

By Gail Gibbons
Genre : Animals

Release Date : 1989-01-01

Monarch Butterfly by Gail Gibbons is Animals Introduce young readers to the fascinating process of how catspillars become butterflies. Follow the transformation from a tiny white egg laid on a leaf to a brilliantly colored butterfly in this kid-friendly introduction to metamorphosis. With detailed, bright watercolors, Gail Gibbons illustrates the life cycle of the monarch butterfly, stage by stage, as it grows, changes, and takes flight. With clear, labeled diagrams and simple text that defines and reinforces important vocabulary, Monarch Butterfly introduces key concepts of insect anatomy and behavior. And of course, the unique migration of the monarch-- which can range up to four thousand miles-- is covered, with descriptions of how the insects travel, and how people in their path celebrate the occasion. This classic look at butterflies also includes directions on raising your own monarch at home, and a page of fun facts about these colorful butterflies.

The Elephant Keeper

By : Margriet Ruurs & Pedro Covo
A moving story of an unlikely friendship between a boy and the orphaned elephant he saved. In teenaged Aaron’s village in Zambia, elephants are considered dangerous animals to be avoided at all costs. But when Aaron discovers a baby elephant nearly drowning in the swimming pool at the guest lodge where he works, he acts quickly and manages to rescue the animal just in time. When Aaron visits the elephant orphanage where the baby, named Zambezi, has been taken, the manager there realizes that Aaron has a natural way with animals and he offers him a job. Suddenly Aaron’s life is transformed as he discovers a bond of friendship with Zambezi and a lifelong vocation as an elephant keeper. This powerful story will encourage children everywhere to help endangered animals.
