A horrific episode in the history of New York happened in 1741. At that time a series of fires broke out. Fires were not unusual, of course, but many people feared they were the result of arson. On 12 July 1863 New York City was rocked by draft riots. Angry about a new law on conscription rioters roamed the streets until Lincoln sent troops to quell the disorder. Many lives were lost and a great deal of material damage was done. Like other cities in the 19th century in Europe and North America, New York was an unhealthy place. As a result cholera struck New York in 1832 and in 1849. It returned in 1866. Nevertheless amenities in New York City improved during the 19th century. The role of History of New York City, New York in the history of the United States of America. Possibly the first Europeans to visit New York Harbor were Vikings under Leif Ericson around A.D. 1000, but if they arrived, they left no trace. Giovanni da Verrazano, an explorer from Florence, Italy, (sailing for France) explored the harbor. In 1607, Henry Hudson sighted Manhattan Island before sailing up the Hudson River. He was followed in 1613 by Adriaen Block, a Dutch explorer whose expedition erected the first buildings by Europeans on Manhattan Island. New York was the chief port of entry for immigrants into the country, with 370,000 arriving in 1850 alone. Many of these moved farther west but many others stayed. Housing was inadequate.
