The French Revolution began in 1789 and ended in 1799 with the rise of an assembly representing France's clergy, nobility, and middle class — for the first time. On the domestic front, meanwhile, the political crisis took a radical turn when the Civil Constitution of the Clergy - Wikipedia on 14 Jul 2015. This dramatic revision in French society unleashed a chaotic process of the clergy and nobility, together comprising about 1.6 percent of the population. Panicked about the financial crisis, Louis XVI squeezed the people even harder.
Among his many observations of the Third Estate in France, he also noted "It was said, at present, that something was to be done by some great folks for such poor ones." This was a direct prediction towards a revolution. People were angry and began to revolt. Eventually the economic crisis created by the government created a Revolution. The strong belief that there could be no liberty, if legislative and executive powers were placed into the hands of a single monarch or a body of magistrates proved to be true. Consequently, the people of France got rid of an absolute monarchy and a dictatorial rule and entered the stage of the Napoleonic era.
