Even though the annual rate of death is higher, the number of
Small Is Beautiful: A Study of Economics As If People Mattered is a collection of essays by German born British economist E. F. Schumacher. The phrase "Small Is Beautiful" came from a phrase by his teacher Leopold Kohr. It is often used to champion small, appropriate technologies that are believed to empower people more, in contrast with phrases such as "bigger is better". Even though we refer to the police as law enforcement officers, the enforcement of criminal law (in other words, investigating crime and apprehending criminals) is only one of several functions that the police perform. The functions of the American police include providing basic social services, maintaining order, and controlling crime. People call the police because there is no other agency available. A disadvantage is that such availability gives police a heavy workload. The authority to use force stamps police work with a uniqueness that sets it apart from other lines of work.
