Today’s article is about tech of the future! Before writing this article, I did a small research and checked what industry influencers think about this topic, for example Mr Kurzweil, Business Insider, Forbes, etc. Let’s start with Ray Kurzweil – the world’s foremost futurist, authoring bestsellers like “The Age of Spiritual Machines” and “How to Create a Mind.” He’s so influential that Google hired him to lead its artificial intelligence efforts. He is very well known for making predictions, which are right about 86% of the time. Tech of the future: technology predictions for our world in 205
