Differentiated instruction and individualized teaching practices are challenging for all teachers. It gets even more difficult in a special education, multi-aged classroom. Final Thoughts. These challenges are all equally difficult and when combined, as they often are on a daily basis, almost impossible to juggle. On most days, I feel like I'm part of the juggling act in a circus. But despite the hardships I've faced in my two years of teaching, I'm determined to beat the odds and not be a statistic. Special education is my calling and I will retire an old woman loving my job as much as I do.

Another Education Policy (Education Policy 2000) was undertaken by Sheikh Hasina, daughter of Bangabandhu, when she came to power in 1996 but that too was shelved and nullified with the change of government in 2001. It is important to instill moral values, honesty, patriotism, accountability and social responsibility into the youths as they acquire quality modern education and knowledge of contemporary science and technology. The instruction related to information technology will be delivered through books as long as infrastructure is not adequately developed and adequate number of computers and teachers cannot be provided.

Therefore, it is important for teachers providing correctional education instruction to special education students in secure care settings to be flexible in their approaches to teaching. Establish policies and procedures that promote school assignments best suited for students' educational success and the timely transfer of their accurate education and related records.
