The Honest Mind: The Thought And Work Of Richard Price

David Oswald Thomas

"I think big companies need to act like a small company and ideally break itself up into lots of little companies or get people who think like a small company," he said. Sir Richard also recognizes innovation is a continuous quest, creating a "business innovation team" to work with all Virgin Group companies. "Screw business as usual," he blogs, which not so surprisingly is the name of one of his several books. "We're here to make people's lives better. Better means taking care of the people who work with us, the communities we operate in, and our planet. Life and work should be worthwhile, fun, and creative. It's not just about working in a successful business but being able to make a difference while you're at it." The Honest Mind: The Thought and Work of Richard Price. Pp. vi + 306. (Clarendon Press: Oxford University Press, 1977.) £12.50. Full text views reflect the number of PDF downloads, PDFs sent to Google Drive, Dropbox and Kindle and HTML full text views. Loading metrics The Honest Drug Book by Dominic Milton Trott is a highly valuable read for anyone interested in drugs, drug policy, or harm reduction. The book explores hundreds of chemical and botanical substances in a very easy to read, and honest style. For each substance, an illustration, detailed trip report and dosage guide is provided along with timestamps for the trip report. The Honest Drug Book makes a strong effort to change the way that drugs are viewed by the public with personal accounts relating to drug policy as well as the author's opinions on current and past legislature. The harm reduc
