Contract law is ancient and was found by common law. Contracts were mostly used for creating market economy and business proceedings. The contract law is essential for bankers by which they can lend the loan taking a surety of the third party. In the olden days it was used for land related matters as there was no currency to exchange they were using barter system but land was termed as wealth. Pollock was editor (1885-1919) of the Law Quarterly review a major British legal periodical and editor in chief (1895-1935) of the Law Reports. Frederick defined consideration as An act or forbearance of one party, or the promise thereof, is the price for which the promise of the other is bought, and the promise thus given for value is enforceable. What is the law of contract? A contract can be defined as an agreement between two or more parties with the purpose to create a commitment. The requirements for a contract to be valid, it must comply with the following: Consensus, Capacity, Formalities, Legality, Possibilities and Security. The reason is that if a contract is seen as bound, that there are several other requirements in addition to be complied with the agreement. The label is in reality not reserved for agreements that are manage to bind commitments. Even if one or more of the requirements for validity is lacking, it is a common practice to describe the agreement as a void contract. Requirements for a valid contract.
