This collection of research on the Middle Eastern village looks at the impact on rural life and environment of such factors as the mass exodus of labour to urban centres emigration immigration environmental change and the changing role of women in rural communities - particularly the wives of migrant workers who have to fill a new role in the family structure. State-sponsored agrarian policies have weakened the power of traditional landed interests and together with labour migration have provoked new tension and inequalities in rural society. The book makes clear that the pattern of change has Middle Eastern and North African Societies in the Interwar Period.

Volume 120. Editor(s): Kate Fleet and Ebru Boyar. An Introduction to Political Cultures and International Relations. Volume 71. Editor(s): K. Hafez. Social, Economic and Legal Aspects. The Case of Turkey and West Germany. Volume 16. Social relations in the country were undergoing changes in the 13th century. Enforced labour services by villeins were giving way to wage labour, and villeins commuted their labor-dues by paying money to the lord instead. Then the pattern changed: the lords again required labor services. But a lot of villeins were freed, and some of the freed were able, energetic or lucky enough to buy land and prosper as Yomen. The 13th century was a period of substantial economic activity. 8. When did the British Parliament appear and how did it develop in the Middle Ages? 9. What were economic and social relations in the early Middle Ages in England? Later Middle Ages. The Stone of Destiny from the Scone Abbey.
