Although, in all likelihood, it was painful for Powers to sell her quilts, doing so wasn't easy for those who wanted to preserve them for future generations. Powers' quilts were not only beautiful works of art, but also valuable historical documents that offered insights into the culture and history of African American communities. As such, they were in high demand, and powers was able to command a good price for them. The powerful quilts of Harriet Powers were a testament to her skill and creativity, as well as to the rich cultural heritage of the African American community. Despite the challenges she faced, powers persevered and continued to create beautiful quilts that have become symbols of strength and resilience.

And Timeline Of A Great African American Quilter.
Harriet Powers (October 29, 1837 – January 1, 1910) was an African-American slave, folk artist, and quilt maker from rural Georgia. She used traditional appliqué techniques to record local legends, Bible stories, and astronomical events on her quilts. Only two of her quilts are known to have survived: Bible Quilt 1886 and Pictorial Quilt 1898. Her quilts are considered among the finest examples of nineteenth-century Southern quilting. Her work is on display at the National Museum of American History.
