The Ancient Orient: An Introduction To The Study Of The Ancient Near East

Wolfram von Soden

Find many great new & used options and get the best deals for The Ancient Orient: An Introduction to the Study of the Ancient near East by Wolfram Von Soden (Paperback, 1994) at the best online prices at eBay! Free delivery for many products! This book represents the first comprehensive, interdisciplinary presentation of ancient Near Eastern civilization. The author's study includes treatments of the history of language and systems of writing, the state and society, nutrition and agriculture, artisanry, economics, law, science, religion and magic, art, music, and more. Key Features. Author(s). Introduction to ancient near eastern culture, based primarily on analysis of texts. Unfortunately does not include translations of texts (particularly in the chapter on literature) & most of the footnotes are to German sources. There are many caveats about how much is unknown or uncertain or hasn't been subject to detailed study, so I would have liked a little more detail about why Assyriologists believe the things that are discussed are correct. flag 1 like Â· Like Â· see review. Von Soden's work is an excellent introduction to the Ancient Near East, comprehensive in its coverage of a wide range of topics, time periods, and geographic settings. A feminist historiography you will not find, as women's daily lives and roles in society are not a focal point. The Ancient Orient: An Introduction to the Study of the Ancient Near East.
